ESTIMATED TIME FOR COMPLETE WINDING IN HOURS >>							18.6	11.2	9.3	7.0	5.6

Performance data has been obtained under ideal test conditions and may be adversely affected by wind, poor hydraulic entrance conditions or other factors.

No representation regarding droplet condition, uniformity, application rate or suitability for a particular application is made herein.

Operating at lower or higher pressures than the ones stated above may result in warranty being voided.

Acreage is based on 1-inch application, 15 hours per day, 7 days a week.
